KEY FEATURES

• AQUARIUM:
  – Patented Easy-Connect through-tank filtration system
  – Two lightweight aluminum core canopy panels slide independently
  – 10mm polished glass panels, exclusive black silicone application and upper strengthening bars minimize flex to 1mm
  – Quality 3M™ decorative top and bottom edging provides high visual impact
  – Elevated, recessed base creates a floating aquarium effect

• ELECTRICAL EQUIPMENT:
  – 2 Fluval high-output LEDs controlled via FluvalSmart mobile device app
  – Fluval 07 Series performance canister filter
  – Fluval M Series submersible heater

• CABINET:
  – Interior height adjustable feet (concealed from external view)
  – Soft-close hinges
  – Space-saving inner door shelf provides additional work surface during maintenance or feeding time
  – Inner door wire storage basket offers easy access to food, water care, etc. (Siena 330/270 model only)
  – Finish between doors match aquarium edging for a uniform look
  – Elevated, wall-mounted power bar keeps electrical items neatly organized and off the ground
  – Stainless steel hook provides added storage option
  – Seamless edges for clean lines
  – Cabinetry interior color matches exterior

TWO-PIECE ALUBOND CANOPY:
Lightweight aluminum core panels slide independently and are removable

POWERFUL LED LIGHTING
Includes two Fluval high-output strip light LEDs, which allow users to customize full spectrum lighting via the FluvalSmart mobile device app.

Bluetooth®
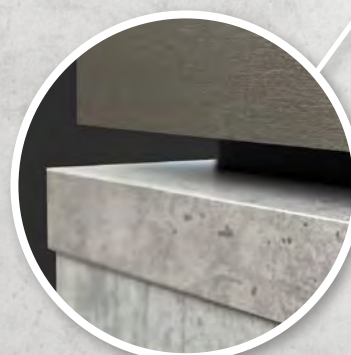

FLOATING BASE
Elevated, recessed base creates a floating aquarium effect

REMOVABLE VENTILATION GRILLS
2 canopy openings provide great ventilation and can be removed for automatic feeder setup (sold separately).
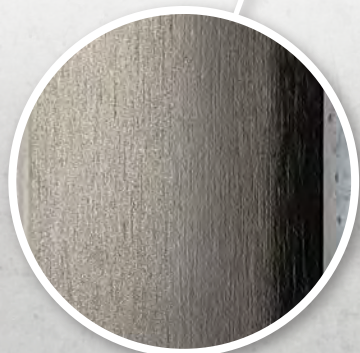

CABLE MANAGEMENT SYSTEM
Conveniently attaches to back rim of aquarium to keep electrical wires neatly organized.

DECORATIVE FINISH
High quality 3M™ trim adds a sleek, ultra-rich look to the aquarium top and bottom

EASY FILTER CONNECTION
Featuring Fluval's patented Easy-Connect through-tank filtration system

COORDINATED STYLING
Inset 3M™ cabinet strip matches aquarium trim for a cohesive look.

SIENA

AQUARIUM & CABINET SETS

UTILITY SPACE
Space-saving inner door shelf provides additional work surface during maintenance or feeding time

STAINLESS STEEL HOOK
Provides additional storage option

DETAILED QUALITY
Robust metal shelf supports provide added security

SOFT-CLOSE HINGES
Allows doors to close gently and quietly without causing vibration.

EASY LEVELLING
Adjusts conveniently from cabinet interior

M SERIES HEATER
Made in Europe, this ultra-slim submersible heater is highlighted by a reflective borosilicate glass tube, which allows it to blend in seamlessly with its surroundings.

INTEGRATED POWER MANAGEMENT
Elevated, wall-mounted power bar keeps electrical items neatly organized and off the ground.

07 SERIES CANISTER FILTER
With a history spanning more than 4 decades, this 7th generation performance filter features several upgrades that make it up to 25% quieter and more robust, energy-efficient, flexible and easier to use than ever before.

ADDED SECURITY
Dimpled non-skid mat safely channels water in case of accidental spills.

CONVENIENT STORAGE
Inner door wire basket offers easy access to food, water care, etc. (Siena 330/270 models)
